You Will Be Pleased With the Service We Render....

There are just as good shoes made today as before the war. The trouble most people have is in finding them, and you like to know whether they are worth the money you pay for them. We have solved both of these problems in a most satisfactory way.

There are many merchants today taking advantage of war conditions to get war profits for inferior material. We do not believe in this policy. We are building for the future. That is why we still believe in selling all leather shoes, charging you just as little as we must for them.

We are specializing in Selz shoes and there is a better reason for it today than ever before so far as both you and ourselves are concerned. Selz shoes are all leather—and there is nothing made today to equal leather shoes.

The illustration here gives a glimpse of one of the new Spring and Summer models. We have many others we would all like to show you.

Our prices for good shoes are in many instances lower than you are asked elsewhere for shoes containing inferior substitutes. Selz men's and women's prices range from \$5.00 to \$12.00—children's \$2.50 up. You will be pleased with the better service we render. A SPECIAL SALE ON SOME ATTICED EVERY DAY.

This Selz tu-tone effect will have a special appeal to men who like to get away from the conventional black shoe.

It is made of soft gun metal, calf vamp with a grey kid top, a combination that produces a pleasing effect. You will like it.

THE PROPER FOOD FOR WEAK STOMACHS.

The proper food for one man may be all wrong for another. Everyone should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.—Adv.
